Personal Loans  
Many other great products/services

Federally insured by NCUA

*"Falconer Central School District is excited to announce the creation of a school-based onsite branch with the partnership of the Southern Chautauqua Federal Credit Union. The branch will be available for students and staff and open only on school days and times. The district has made it a goal to increase our student's knowledge of financial literacy. Working in conjunction with SCFCU is a natural way to educate our students on the importance of financial knowledge and responsibility. SCFCU will be working with the district to provide financial lessons and offer assistance with learning financial accountability."*

*Steve Penhollow, Falconer Superintendent*

## School Based Branches

# 3 Reasons Why Students Benefit:

### STUDENT ACCOUNTS

Students who are in 10th grade or above can open a checking account and have access to a debit card.

### FINANCIAL EDUCATION

Drop by anytime! We are here to answer any financial questions students have.

### BECOME AN INTERN

Any student who is a junior or senior can apply to intern at the School Based Branch. This is a great opportunity to learn about careers in finance, become workforce ready, and increase financial skill development.
